YORKTOWN DUE MONDAY

THE FAMOUS CRUISER IS ON HER WAY HERE FROM YOKOHAMA AND IS EXPECTED SOON—WAS PASSED IN MID-OCEAN BY THE COPTIC—WIFE AND FAMILY OF HER CAPTAIN ARRIVE.

The cruiser Yorktown is due here about Monday morning. The vessel left Yokohama the early part of this month. Last Tuesday she was passed by the S. S. Coptic. It is thought the cruiser will make this port the first of next week. She is not in the best of condition for fast traveling and her bottom is quite dirty.

Mrs. V. V. D. Stuart, the wife of the captain of the Yorktown, arrived on the Coptic this morning from Yokohama, accompanied by her son. They will await at Honolulu for the arrival of the Yorktown. The cruiser is going to Mare Island to be overhauled.

The officers of the Coptic report that the biggest American fleet that they have ever seen in Asiatic waters is gathered at Yokohama. The fleet was reduced two vessels, however this month, for the Yorktown went away the early part of May and on May 6, the same day that the Coptic left Yokohama, the cruiser Princetown sailed for the United States. The Princetown will not come by way of Honolulu, however, as she is to go up by way of the Aleutian Islands and make her way down to San Francisco by that circuitous route.

There was talk in Japan of war. The government was gathering its fleet at the various naval bases, ready to strike should the occasion require. The arsenals were also at work preparing for the possible conflict with Russia.

It is not likely that any more of the American fleet will be sent home for the present. The reason that the two smaller cruisers were sent away was because the big battleship Wisconsin was expected to sail this month from Puget Sound for the Asiatic station.

RODE LADY CURZAN'S ELEPHANT

MRS. ATHERTON, A RELATIVE OF SIR REDVERS BULLER, WHO WENT TO THE FRONT IN THE HOSPITAL SERVICE IN THE BOER WAR IS A RETURNING VISITOR AT THE DURBAR BY THE COPTIC.

Some distinguished representatives of the British nobility are passengers aboard the S. S. Coptic for San Francisco. The niece of the Earl of Buckingham is one of them, the cousin of Sir Redvers Buller is a second, while the third is the father-in-law of Chief Justice Hornby of Shanghai. Lord Hornby's representative is an American, but the others are English people.

The niece of the Earl of Buckingham is Miss Chandos Pole. The lady is temporarily an invalid during her present visit to Honolulu, however, as she is suffering from a broken leg, as the result of an accident in Japan a few weeks ago. The relative of Sir Redvers Buller is Mrs. M. Atherton, who is the wife of Colonel Atherton of the Tenth Hussars which did such excellent service on the British side during the Boer war.

Captain John B. Roberts is the father-in-law of the Chief Justice. Captain Roberts was aboard the first American vessel that sailed up to Shanghai in 1840. He has resided in China ever since, taking only an occasional trip to his native land. One of his daughters married Lord Hornby, the British Chief Justice at Shanghai.

Miss Chandos Pole was a lady in waiting to her late Majesty, Queen Victoria. Miss Pole was in Japan recently and, while looking at a handsome horse, she is passionately devoted to horse flesh, she sustained a painful mishap. The horse was fractious and reared backward when he saw Miss Pole so close to him. The lady, who was on the ground, stepped backward to avoid the animal striking her, and fell sustaining a fracture of the limb.

Mrs. Atherton took quite a prominent part in the Boer war. She contributed 2,000 pounds of her own fortune toward outfitting the hospital service for the aid of the British soldiers. She was one of the distinguished party of society women who sailed with Lady Randolph Churchill to Cape Town at the outset of the Boer war to nurse the sick and wounded. Mrs. Atherton has proved herself to be one of the most capable of all those women who went to the front.

She is now returning from a visit to India and China. She attended the Durbar. While at Delhi, Mrs. Atherton became well acquainted with Lady Curzon, and in fact, rode on the same elephant with Lady Curzon during part of the Durbar festivities. Besides being an elephant rider, Mrs. Atherton is one of the most daring horse-women in the United Kingdom.

She is personally acquainted with General Sir Herbert Kitchener, the commander-in-chief of the British forces in India, and late Commander-in-chief of the British army in South Africa.

MUST DOUBLE CHECK ASIATICS

Commissioner Sargent Boarded Coptic This Morning and Issued New Order Regarding Care of Asiatics Aboard.

A new rule is to be enforced in future by the Immigration and Customs officials. Commissioner of Immigration Sargent is the man who gave the order for the change. This morning Commissioner Sargent went out with the immigration officials and boarded the S. S. Coptic which arrived from the Orient. He watched the method of handling the incoming immigrants.

Mr. Sargent issued orders that in future beginning with the Coptic, the Immigration and Customs officials are to keep a much more careful watch on the Asiatics aboard vessels. Heretofore, the custom has been to check everybody aboard a vessel on her arrival at this port. This work is done by the quarantine officials, however, the other representatives of the other government department being present.

Commissioner Sargent has directed that just before vessels sail for San Francisco, the crew and other Asiatics aboard are to be checked off a second time. This final check will be compared with the check made on the arrival of the vessel and will enable the officials to determine exactly whether any Asiatics or others not entitled to land have done so.

The new order means more work for the immigration officials, but the Commissioner thinks that such a rule is necessary, as it will be the means of safeguarding against any illegal landings.

LONG WAIT FOR MONEY

REPRESENTATIVE WRIGHT MAKES A THIRD UNSUCCESSFUL EFFORT TO PROD THE SENATE ON THE SESSION EXPENSES BILL—DELAY CAUSES FEELING BETWEEN THE SENATE AND HOUSE.

A resolution to adjourn till Monday and keep on adjourning until the Senate acts on the House bill for \$20,000 for expenses was introduced in the House this morning by Representative Wright, as follows:

"Whereas the Honorable Senate of this Territory has adjourned until Monday, and

"Whereas, it is proper that the House should follow the example of that Honorable and Superior Body, therefore, be it

"Resolved, that this House do now adjourn until Monday, May the 18th, 1903, and continue to adjourn from time to time until the Senate shall have taken some definite action on House Bill No. 1."

Representative Knudsen, who was in the chair, ruled the resolution out of order. Wright appealed and Kupihea seconded the appeal, but the chair was sustained.

There is a disposition among members of the House to press the Senate for action on the expenses bill. Many of the Representatives need their salaries and the fact that the Senate has held up the bill creates a lot of feeling.
